Another Scientific Wonder! DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!

THE TRUE DIGESTIVE FLUID, GASTRIC JUICE

Prepared from RENNET, or the fourth STOM-ACH OF THE OX, after directions of Baron Liebig, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philaidelphia, Pa. This is a truly wonderful remedy for Indigention, Dyspepsia, Jaundice, Liver Complaint. Constitution and Beblilly, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Constipation and Debility, curing after Nature's own method, by Nature's own agent, the Gastrie Juice.

If Itali' a teaspoonful of Persix, infused in water, will digest or dissolve Fice Pounds of Roast Beef in about 2 hours, out of the stomach. PEPSIN is the chief clement, or Great Digesting Principle of the Gastrie Juice—the Solvent of the Food, the Purifying, Proserving & Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid precisely like the natural Gastrie Juice in its Chemical powers, and furnishing a Complete and Perfect Substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspeysia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeysics, curing cases of beblity, Emacinion, Nervous Decline and Dyspeytic Consumption, supposed to be on the varge of the grave. The scientific evidence upon which it is based is in the highest degree curious and remarkable. Scientific Evidence.

Baron Liebig in his celebrated work on Animal Chemistry says: 'An Artificial Digestive Fluid, analogous to the Gastrie Juice, may be readily prepared from the mucous membrane of the stomach of the Call, in which various articles of food, as ment and eggs, will be softened, changed ahd digested, just in the same manner as they would be in the human stomach.'

Dr. Combe, in his valuable writings on the Physiology of Direction, observes that 'a dimi-

Dr. Combe, in his valuable writings on the Physiology of Digestion, observes that 'a diminution of the dae quantity of the Gastrie Juice is a prominent and all-prevailing cause of Dyspensia; 'and he states that a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastrie Juice obtained from the stomachs of living animals, which proved completely successful.\(^1\)
Professor Dungtison, of the lefferson College,

Protessor Dunglison, of the Jefferson College Philadelphia, in his great work on Human Pay Philadelphia, in his great work on fundan Paysiology, devotes more than fifty pages to an examination of this subject. He experiments with Dr. Beaumout, on the Gnatric Juice obtained from the living human stomach and from animals, are well known. 'In all cases,' he says, 'digestion occurred as perfectly in the artificial as in the natural digestions.'

as in the natural digestions.

AS A DYSPEPSIA CURER,
Dr. Houghton's Pepsin has produced the most
marvellous effects in curing cases of Debility,
Emaciation, Nervous Decline and Dyspeptic
Consumption It is impossible to give the details of cases in the limits of this advertisement;
but authenticated certificates have been given
of more than two hundred remarkable cures, in
Philadelphia, New York and Boston alone.—
These were nearly all desperate cases, and the
cures were not only rapid and wonderful, but
permanent.

permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinne, mercury and other drugs upon the digestive organs, after a long sickness; also for excess in eating and the too free use of ardent spirits. It almost reconciles health with intemperance. Old Stomach Complaints.

Old Stomach Compiaints.

There is no form of old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single doss removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, eramps, soreness of the pit and stomach, distress after eating, low, cold state of the blood, heaviness, lowness of spirits, despondency, emaciation, weakness, tendency to insanity, suicide, &c. Their power over the above diseases is not oxcelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed. These Bitters are worthy the attention of invalids. The editor said, Dec. 22d:

Dr. Hoofand's Celebrated German Bitters for
the cure of Liver Complaint, Jaundice, Dyspopsia, Chronic or Nervous Debility, is deservedly
one of the most nountar medicines of the day. one of the most, popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the cut is a convinced that, in the use of these Bitters, te patient constantly gains strength and vigor; a fact worthy of great consideration. They are pleasant in taste and smell and can be taken by persons with the most delicate stomachs with safety, under any circumstances. We are speak-ing from experience, and to the afflicted we ad-

ing from experience, and to the afflicted we advise their use.

Scott's Weekly, one of the best Literary papers published, said, Aug. 25—
Dr. Hoghand's German Billers, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the valutary effect they have upon weak systems.

More Evidence.

More Evidence. The 'Philadelphia Saturday Gazette,' the best family newspaper published in the United States. The editor says of Dr. Hoofland's German Bitters.

'It is seldom that we recommend what ar ermed Patent Medicines, to the confidence and patronage of our readers; and therefore when e recommend Dr. Hoofland's German Bitters we wish it to be distinctly understood that w are not speaking of the nestrums of the day that are noised about for a brief period and then forgotten after they have done their guilty race o ischief, but of a medicine long establ

miscriet, but or a factoring described and which has not the hearly approval of the faculty itself.'

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the three last years, and the strongest testimony in its favor is, that there is m used in the practice of the regular Physician of Philadelphia than all other nostrums combi-ned, a fact that can easily be established, and fully proving that a scientific preparation meet with their quiet approval when presen even in this form.

That this medicine will cure Liver Complain

and Dyspepsia no one can doubtafter using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious disease—the effect is immediate. They can be administered to female or infant with safety and salishly hopefit, any times. Heware of Counterfelis.

This medicine has attained this high character which is necessary for all medicines to attain to induce counterfeliers to put forth spurious articles at the risk of the lives of those who are in-

nocently deceived.

Look well to the marks of the genuine.

They have the written signature of C.M. JACK-SON upon the wrapper, and the name blown in the bettle, wilhout which they are spurious.
